

We reflected on the theme of CLC and the Poor across two meetings, discussing together what constitutes 'poverty' and what constitutes 'richness' in Australia.

I expected we would devise an action that we could undertake together. However it didn't quite work out like that. Instead, we found that we received a deeper understanding of what each member of the group does in his or her own daily life and how we have *already* been bringing good news to the poor.

We tried to convey this in a picture:

Best wishes and blessings for World CLC Day!
